Disclaimer:

- i) Before installation, it's important to inspect the product for correct design, color, and surface selection. Once the product has been cut, glued, or damaged after delivery, ICA cannot be held responsible for any claims arising thereafter.
- ii) While our manufacturing quality control is stringent and we make every effort to accurately reproduce colors, some product colors may vary slightly from those shown in the catalogue. To ensure accuracy, please request a sample from ICA to verify the color.
- iii) Although we take every precaution to ensure the catalogue's content is accurate, errors can still occur, such as sample pasting errors. ICA cannot be held responsible for any errors or claims arising from the catalogue's use.
- iv) Due to HPL sheets being produced with different press plates that have different glossiness levels, you are advised to use only HPL sheets with the same glossiness for "side by side" applications. Failing which may cause different shades for the side-by-side furniture works.

In the event of a manufacturing fault, please do not proceed with installation and inform ICA immediately. Our liability will be limited to the cost of the product only.

产品责任声明:

- i) 请在安装前检查产品，以确保所选的设计、颜色和表面是正确的。一旦产品在交付后被切割、粘合或损坏，ICA将不对随后发生的任何索赔负责。
- ii) 尽管已进行严格的生产质量控制，并且已尽一切努力准确地再现颜色，但有时可能会出现产品颜色略有不同的情况，请向ICA询问样品以验证颜色。
- iii) 尽管我们已采取一切措施确保目录内容准确无误，但仍可能存在错误，例如样品粘贴错误。ICA不对使用此目录引起的任何错误或索赔负责，任何因生产商的质量问题而造成的损失的最高赔偿金额仅限于已付的产品成本。
- iv) 由于使用不同压板生产的HPL可能会有光泽度不同，使用不同光泽度的HPL可能会导致家具成品出现光泽度不协调，进而产生视觉上的色差。因此，建议在“并排”应用中使用相同光泽度的HPL

如果发现产品缺陷，请不要继续您的工作并立即通知ICA。

Penafian:

- i) Produk yang dibeli hendaklah diperiksa sebelum pemasangan, untuk memastikan pemilihan reka bentuk, warna serta permukaan yang akan dipasang adalah betul. Sebaik sahaja produk dipotong, ditampal, atau sebarang rosak yang tidak dilaporkan selepas penghantaran, ICA tidak akan bertanggungjawab terhadap sebarang tuntutan yang timbul selepas itu.
- ii) Walaupun kawalan kualiti pembuatan ketat diamalkan, dan setiap usaha telah dibuat untuk menghasilkan produk dengan warna dengan tepat, namun kadang-kala terdapat sedikit perbezaan warna daripada warna produk yang ditunjukkan dalam katalog, sila pastikan warna yang dipilih dengan meminta sampel dari ICA.
- iii) Walaupun kami telah mengambil setiap langkah berjaga-jaga untuk memastikan kandungan katalog ini adalah tepat, kesilapan mungkin masih boleh berlaku, contohnya ralat menampal sampel. ICA tidak bertanggungjawab terhadap sebarang kesilapan, atau sebarang tuntutan yang timbul daripada penggunaan katalog ini.
- iv) Disebabkan oleh tahap kilauan yang berbeza pada helaian HPL yang dihasilkan dengan plat tekan yang berbeza, anda disarankan untuk menggunakan helaian HPL dengan tahap kilauan yang sama untuk aplikasi 'bersebelahan'. Kegagalan untuk berbuat demikian mungkin menyebabkan perbezaan tahap kilauan pada hasil kerja perabot yang diletakkan bersebelahan.

Sekiranya terdapat sebarang kesilapan pada produk yang dibekal, sila jangan teruskan kerja anda dan segera memaklumkan kepada pihak ICA dengan segera, liabiliti kami akan terhad setakat kos produk yang dibekal sahaja.

Cleaning & Maintenance

ICA HPL is reckoned with its least maintenance surface. However as other interior materials, it should not allow any of the reagent/cleaners which contain abrasives, acids or alkalis to remain in contact with the decorative surface. The decorative surface may be cleaned with warm water and mild soaps, such as used for hands or dishes. Remove stubborn stains with a 2-minute exposure of hypochlorite bleach and followed by a clean water rinse.
